July 9, 2008

Dear Fiona,

On behalf of my six-year-old son, Nathan, I would like to apply for representation with your agency.

Nathan is a bright boy with a happy disposition and he is always polite and cooperative with adults and children. Nathan is physically fit and active and shows a natural ability with sports.

I live in inner Melbourne, have my own car, and I am available to take Nathan to auditions and jobs on short notice. I understand the importance of punctuality and professionalism in the industry and I will do my utmost to maintain the reputation of your agency.

Included with this letter are four current photographs of Nathan. I am also happy to pay for professional photographs under your direction and I will have them updated regularly as requested by your agency. Nathan's current measurements are above.

Also above is my daytime telephone number and I can be contacted any time on my mobile or by email for an interview. If I don't hear from you beforehand, I will telephone your office in around a week.

We look forward to meeting you.

Yours faithfully,

Samantha Ling

Dear Isaac,

My name is Nardu and I am a 14 year-old Indigenous actor and dancer. Please find enclosed my current headshot and resume.

I have two years training in acting with Townsville Youth Theatre and have performed in two productions put on by the school. Since I began high school I have played roles in all of our school plays.

Should you need a young actor who can swim, I am proficient in all strokes and have and competed in butterfly at regional level.

I would be delighted to audition for any roles you deem appropriate. Please keep my information on file and feel free to call me for a go-see or general audition. I travel regularly to the Gold Coast and can do so on short notice.

Best wishes,

Nardu Woollard
