Dear Margaret,

I am currently seeking representation as an extra and your agency was recommended to me by one of your clients, Susan Hemsworth.

I have some experience in the field, having recently worked for several days as an extra on the feature film, *Out Back*, and I am keen to continue getting work as an extra in all areas of work that your agency offers.

You can trust that I am reliable, punctual and professional, I have my own car and I am available for work at any hours on short notice.

Please find enclosed four recent photos of myself. I understand that I will need to have professional shots taken, and I will do so with the photographer you recommend.

I look forward to meeting with you. My contact information is above. If I don't hear from you beforehand, I will telephone your office in around a week to arrange an interview.

Yours faithfully,

Erin Evans

1st June 2008

Dear Vincent,

I am a freelance extra wanting to gain experience in the industry. I would like for you to keep my information on file for any employment opportunities through your company.

I am punctual and available on short notice. I am able to follow directions, and lessons in drama in high school and performing in school productions should suffice should I be called upon to act.

Should you require an extra that can ride a horse, skateboard, rollerblade, ski or water ski, I am competent at each.

Please find enclosed a photograph of myself for your files. You can contact me any time on the telephone number or email address above.

Yours truly,

Connor Bellotti
