Dear Frank,

I am a New Zealand actor seeking representation in Australia. I will be moving to Perth permanently, however I will be returning to New Zealand regularly and would like you to represent me in that country as well.

Enclosed is my headshot and biography for your perusal. As you will see, I have extensive experience in theatre and would enjoy continuing to work in that area. I would also like to be promoted for work in film and television. You will also see that I have skills and experience in mime, acrobatics and other circus skills should they ever be required.

I will contact you again when I arrive in Perth and give you my new contact information and arrange an interview. In the meantime, you can reach me on the mobile number or email address below.

Kindest regards,

Tina Anaru Ahu

Dear Camryn,

My name is Kenji and I am an experienced actor and comedian. I have recently moved to Australia from Japan and I am now available for work in all areas of the industry. The enclosed resume covers the breadth of my work in film and television as well as on stage as a stand-up. I have also included a recent headshot.

Although I am based in Melbourne, I will be available for work in Sydney and elsewhere in Australia. I will be in Sydney for three weeks from October 2nd and I would like to set up a time for a go-see or general audition.

You can contact me on my telephone numbers above, or alternatively I will phone your office in a few days to make an appointment.

I look forward to meeting with you.

Yours faithfully,

Kenji Tanaka
